EDUCATION:

Bachelor of Science in Digital Media 2010
Drexel University, Philadelphia, PA
GPA: 3.7/4.0

TECHNICAL SKILLS:

Platforms: Linux, Windows, Mac OS X
Software: Houdini, Nuke, Maya, Adobe Photoshop, After Effects, Illustrator, Flash, RealFlow, PFTrack, Mudbox.

EXPERIENCE:

Side Effects Software *Santa Monica, CA*

Houdini Artist: January - June 2011

- Developed two separate Houdini training classes, and created a recorded version of the UV tools class for distribution to instructors and clients.
- Designed and created a content management system for organizing and archiving example files, training content, and training class recordings for the Education and Training Departments.

Mechnology *Glendale, CA*

VFX Artist: August 2010 - December 2010

Avalon High *(Disney TV Movie)*

- Removed unwanted elements from film footage (e.g., wires, props, people) in Nuke using a combination of rotoscoping and painting.
- Integrated particle simulation effect renders and other CG elements into film footage and created stylized effects using Nuke's 3d environment and image manipulation tools.

Hell on Wheels *(AMC Pilot Show)*

- Used Nuke's 3d compositing environment and 2d tracking toolsets to integrate custom created wound imagery onto actress's hand on provided live action plates.

Drexel Recreational Aquatics *Philadelphia, PA*

Head Lifeguard: Fall 2008 - July 2010

- Under supervision of the Aquatics Director, organized and ran meetings for supervisors and lifeguards and conducted lifeguard training sessions.
- Provided input to evaluate and improve the level of safety, efficiency, and customer service of Drexel University's Recreational Pool facility.

Blue Design *Philadelphia, PA*

Animation Intern: March - August 2009

- Under direction of the animation department created 3d, compositing, and design elements for motion graphic spots for a variety of different television advertising spots.
- Designed and created an animation of Brownstein Group's company goals for their website based on their existing company branding and office design.

Smart House Design *Drexel University Philadelphia, PA*

3D Artist: Spring 2008 & Summer 2009

- Member of a student team competing to design technologically-advanced, environmentally-friendly student housing.
- Created 3D promotional images designed to be utilized throughout the designing phase, revision phases, and fundraising.

HONORS & AWARDS:

- 2009 & 2010 . SIGGRAPH Student Volunteer
- 2010 . Animation "Franz" featured in Sidefx.com's "Customer's Stories"
- 2009-2010 . Elected Vice President of Drexel University's SIGGRAPH Student Chapter
- 2006-2010 . Dean's List, Drexel University
